

Celebrating Progress this **World Polio Day**

24 October 2017

#EndPolio #WorldPolioDay

... over **400 million** children have been vaccinated against polio

In the past year...

... polio remains in **fewer countries** than ever before - Afghanistan, Nigeria and Pakistan

... the number of districts affected by polio dropped from **29 to 14.**

... cases of polio have fallen from **27** by this date in 2016 to **12** so far this year.

... over **US\$ 1.4 billion** was pledged to eradication, thanks to the generous support of donors
